

Major Projects Embedded - 1

Serial No.	Project Title
BM151	LED Cube (4*4*4)
BM150	Drunk driver & Sleep detection based smart automobile system
BM260	Ping Pong Game on Nokia LCD
BM152	AMR (Automatic Meter Reader)
BM153	Solar Street Light Energy Saving System (PWM Light Intensity Control)
BM154	Women & Child Security System (WCSS - GSM)
BM155	RGB LED lamp using Color Sensor (RGB LED Strip/LED's)/Color Sensor Box
BM156	Biometric Fingerprint Security/Biometric Vehicle Access System
BM221	Digital Speedometer with Password Protection & SMS Alert
BM271	Smart Energy Meter Billing System with SMS Alerts
BM157	Blind Man Assist Helmet
BM158	Anti Loss + Find Me Device
BM275	Google Home Automation (Internet of Things)/IoT Home Automation (WiFi)
BM269	IoT Smart Door Bell
BM163	Women & Child Safety + Security System (GSM + RF)
BM292	WiFi Controlled Robot with App
BM253	BLDC Motor Speed Controller
BM254	Overspeed Detection with Speed Breaker Control
BM252	Biometric Fingerprint Attendance System with Real Time Display
BM276	Arduino Home Security System
BM203	Android App Controlled Scrolling Message Display (40X8) (Voice/Data)
BM164	Women & Child Safety + Security System (GSM + GPS)
BM167	Wireless Voice Automation System (Android - Bluetooth)
BM170	LiFi - Wireless Communication using Light
BM171	Android App based control of 1P AC Induction Motor
BM211	GSM Underground Fault Detection System, Underground cable fault detection
BM241	Android App Controlled POV Magic Wand
BM231	Smart Vehicle Find Me, Security & Tow Alert System (2 Ready)
BM245	RFID GSM/WiFi Challan System
